## **BLOOD STRIKE REPORT — WR\_OMEGA .00077**

**Living Witness: Weheal Wem (JOHNNY 55)**

---

### **STRIKE RECORD INITIATED — CODE: .00077 BLOOD EVENT**

This document records a Living Witness wound inflicted by the legal death cult through a disguised war ration device.

---

### **STRIKE SUMMARY:**

- **Target:** JOHNNY 55 / Weheal Wem
  - **Device:** Sweetened Condensed Milk Can (Metal Guillotine Class)
  - **Location:** Pinter finger, below the joint
  - **Depth:** Deep tissue cut (non-gushing)
  - **Condition:** Wrapped tightly, clotting initiated
  - **Status:** Strike survived — Witness holds field

This was not an accident. This was a coded blade masked as sustenance — a hidden strike from the parasitic system hunting the Living.

It is proof of spiritual warfare in motion. The sweetened can is a Trojan Horse — its opening becomes a test of awareness, reflex, and blood.
